

Certificate of Registration

QUALITY MANAGEMENT SYSTEM - ISO 9001:2008

This is to certify that:

Zotefoams Plc
675 Mitcham Road
Croydon
CR9 3AL
United Kingdom

TM

Holds Certificate No: **FM 01870**

and operates a Quality Management System which complies with the requirements of ISO 9001:2008 for the following scope:

Please see scope page.

For and on behalf of BSI:

Managing Director, BSI Management Systems (UK)

Originally registered: **30/06/1990**

Latest Issue: **12/02/2009**

Expiry Date: **18/02/2011**

Management Systems (UK) Headquarters: P.O. Box 9000, Milton Keynes MK14 6WT. Tel: 0845 080 9000

Certificate No: **FM 01870**

Registered Scope:

The design and manufacture of expanded foams based on polyolefins, fluoropolymers and other polymeric materials by means of the following process(es):

- a) Production (extrusion) of a sheet of the polymer material (crosslinked as necessary)
- b) Dissolution of nitrogen gas into the polymer sheet at elevated pressure and temperature.
- c) Expansion of the foam at elevated temperature and pressure.

The scope also covers secondary processes including the conversion and fabrication of the foam sheets into other forms (not exclusively) such as thinner sheets, thicker blocks or longer rolls.

All of the foam products are closed cell and are produced in a wide range of densities (from 15kg/m³ up to the solid density) and in a wide range of colours. Other functional properties are also designed into the foams such as flame retardancy, electrical conductivity and static dissipation. The foams are produced to in-house specifications but also to industry and customer specifications.

The foams are marketed on the trademarks Plastazote®, Evazote®, Supazote®, Propozote® and Zotek®. Typically but not exclusively, the foams are used in the following market sectors; packaging, sport and leisure, medical, building/construction, automotive, aerospace, military and marine.
